Made in China

## SETTING THE TIME

1. In standby mode, press and hold the TIME button, the display will flash. Set the time using the HR (hours) and MIN (minutes) buttons.

2. Press the TIME button to confirm and save.

Note: If no button is pressed for 4 seconds while setting the time, the time displayed will be saved.

## USING THE RADIO

In standby mode, press the ON/OFF/BAND button to turn on the radio. The radio will play on the FM band and the FM indicator will light up. Press the ON/OFF/BAND button to switch between FM and AM. Adjust the volume using the Volume + and - buttons. To turn off the radio, hold the ON/OFF/BAND button.

### MANUAL SEARCH

Tune to desired radio station using the Tuning + and - buttons.

### AUTOMATIC SEARCH

Press and hold either the Tuning + or Tuning - button to automatically search for stations with strong signals. To search for stations with weak signals, use manual search as above.

To enhance radio reception, extend the wire antenna or move to a location where it can capture a stronger signal.

## PRESET STATIONS

This unit can store up to 20 radio presets for each AM and FM.

### STORE PRESETS

1. Tune to the desired radio station.

2. Hold the PRESET button for 1 second, P01 will blink on screen.

3. Select the desired preset number using the P+ and P- buttons.

4. Press the PRESET button to save.

5. Repeat steps 1 - 4 to save up to 19 more presets.

### LISTEN TO PRESETS

Press PRESET, P01 will blink on screen.

Press PRESET repeatedly, or P+/P- to reach desired preset.

## SETTING THE ALARMS

1. In standby mode, press ALARM 1 to set alarm to buzzer or radio. The corresponding indicator will light up and the display will blink.

2. Set alarm time using the HR and MIN buttons.

3. Press ALARM 1 again to confirm and save.

Repeat steps 1 - 3 with ALARM 2 button to set alarm 2.

## STOPPING THE ALARMS

1. Press SNOOZE to temporarily stop the alarm. Alarm will sound again after 9 minutes.

2. Press OFF or ALARM 1/2 to stop the corresponding alarm. Alarm will sound again at the same time the next day.

3. In standby mode, press ALARM 1/2 repeatedly until the alarm indicator light is off to cancel the corresponding alarm permanently.

## SLEEP FUNCTION

To fall asleep to the radio, turn on and tune radio to the desired station, then press SLEEP repeatedly to set the sleep time (90-80-70-60-50-40-30-20-10-OFF minutes). The radio will automatically turn off after the specified time.

To cancel the sleep function, repeatedly press the SLEEP button until the display shows off.
